Message from the Organising Chair

Associate Professor Dr. Nur Aliana Hidayah Mohamed

Chair, MTERMS 2026

Dear Esteemed Industry Partners and Sponsors,

On behalf of the Organising Committee, it is my pleasure to invite your organisation to partner with us for the 10th Malaysian Tissue Engineering & Regenerative Medicine Scientific Meeting (MTERMS 2026), which will take place on 7–8 September 2026 at the Concorde Hotel, Shah Alam, Malaysia.

Since its establishment in 2004, MTERMS has become a leading regional platform bringing together scientists, clinicians, engineers, researchers, and industry innovators to advance the field of tissue engineering and regenerative medicine. Organised by the Tissue Engineering and Regenerative Medicine Society Malaysia (TESMA), the conference promotes collaboration that translates scientific discoveries into impactful clinical and industrial applications.

The theme “From Discovery to Therapy: Advances in Tissue Engineering and Regenerative Medicine” reflects the growing importance of transforming cutting-edge research into real-world therapeutic solutions. MTERMS 2026 offers industry partners an excellent opportunity to showcase innovations, engage with leading experts and decision-makers, and connect with the next generation of scientists and clinicians.

Through sponsorship and collaboration, partners will gain meaningful visibility while contributing to the advancement of transformative biomedical technologies.

Warmest regards,

Associate Professor Dr. Nur Aliana Hidayah Mohamed

Chair, MTERMS 2026

About MTERMS

The Malaysian Tissue Engineering and Regenerative Medicine Scientific Meeting (MTERMS) is a biennial conference organised by the Tissue Engineering and Regenerative Medicine Society Malaysia (TESMA). First held in 2004, MTERMS has grown into an international platform that brings together researchers, clinicians, industry partners, and government agencies to strengthen tissue engineering and regenerative medicine.

With the theme, “From Discovery To Therapy: Advances In Tissue Engineering And Regenerative Medicine,” 10th MTERMS 2026 continues this mission by bringing together multidisciplinary expertise across tissue engineering, biomaterials, cell and gene-based therapies.

Why Sponsor MTERMS 2026

MTERMS 2026 provides a unique opportunity for organisations to engage with a highly targeted audience of researchers, clinicians, biomedical engineers, and healthcare innovators involved in tissue engineering and regenerative medicine. As one of the leading meetings in this field in the region, the conference brings together experts from academia, healthcare, and industry to exchange knowledge and explore new collaborations.

By sponsoring MTERMS 2026, organisations will gain valuable exposure to an audience actively involved in biomedical research, clinical translation, and healthcare innovation. Sponsors will have the opportunity to showcase their technologies, products, and services while positioning their organisation as a key contributor to the advancement of regenerative medicine.

MTERMS 2026 also provides a platform for direct engagement with decision-makers, emerging researchers, and future scientific leaders. Through exhibitions, industry presentations, and networking opportunities, sponsors can build meaningful relationships that support long-term collaborations and business opportunities.

Supporting MTERMS 2026 demonstrates a commitment to advancing scientific innovation, healthcare solutions, and the development of next-generation biomedical technologies.
